Getting Started with Google Maps
Wednesday, December 11th 2:00 - 3:00 pm

Did you know that Google Maps can make your life a lot easier? Whether it be finding the fastest route to your destination, finding the cheapest gas, figuring out when the soonest train is leaving, to finding airport parking, Google Maps has you covered. Join us as we discover all the cool and practical things Google Maps can do and how you can apply them to your daily routine.

Getting Started with Google Drive
Wednesday, December 18th 2:00 - 3:00 pm

Learn how Google Drive can make your life a little easier! Google Drive is a 'cloud based' program that allows you to store files, create word documents and spreadsheets, manage photos, and more, on virtually any modern computer that can connect to the internet.

Buying a New Smartphone 101
Thursday, December 12th 6:30 - 7:30 pm

Have you thought of buying a smartphone but are intimidated by the thought of the whole process? Do you feel overwhelmed with the thought of information overload when visiting a local wireless provider's store? Come to this introductory session and walk away with a sense of confidence. We will cover topics such as selecting a wireless carrier, buying an actual smartphone, and compare and contrast the many options available to you.
