Nineteen eighty-four : a novel

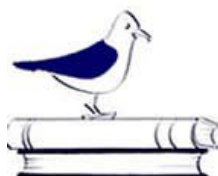

by George Orwell

Genre: Classic (ebook)

Summary: The book was about how the government was trying to control everything that everyone was doing, no one could be different. Winston the main character falls in love with Julia and they both hated the way that the government was running so they broke the rules in secret together. Winston gets turned in by someone he thought he could trust and gets sent to the ministry of love to be tortured. I think it is a great book and I it is very relevant to

what is happening today.
