

South Country Library

Wi-Fi in our Parking Lot

The library is pleased to announce that we have expanded our WiFi access throughout the library parking lot. If you or someone you know is in need of internet access, come by any time.

There is no password, just connect to our network and agree to the wireless policy.

We expect all users (whether by car, bike or on foot) to follow social distancing protocols at all times or we will be unable to continue the service. If you experience any difficulties, please contact us via email, chat, or phone.
