

DIGITAL ESCAPE ROOM

THE DETAILS:

Create a Digital Escape Room:

Each Escape Room= 4 Volunteer Hours*

Work independently or with others to create an original digital escape room for the library to share with the community. It can be a very simple one for young children and families, or one a bit more complex aimed at an older audience. Send the completed projects to the library to share online with patrons - a great way to combine creativity and tech skills!

Examples of escape rooms can be found online. Most use Google forms.

Examples include:

[a simple bear hunt](#) & [a Hogwarts themed one](#)

Here's a link to [one tutorial](#) and others are available online.

*Additional volunteer hours may be awarded if deemed appropriate.

These are not homework assignments, but do your best with spelling and grammar. We can edit if necessary, or we may require you to revise. Once the escape room is finished please send to [Jen Z](#) for approval. Questions? Contact [Jen Z](#).
