

# TEEN ZINE

## THE DETAILS:

## Create Something for our Digital Zine

**Each Entry= 2-4 Volunteer Hours\***

Use your creativity to help us put together some zines throughout the summer. A zine is a small-circulation, self-published work of original texts and images. Although zines can be photocopied to distribute, we will publish ours digitally through our website.

Be creative! Submit original artwork of any kind! Examples include drawings (paintings, sketches), photography, written pieces (poetry, short stories) or comics. All original entries will be considered. Hopefully we can get enough submissions to put together a few zines this summer. If we have enough interest, we will form an editorial board that will help with the selection and layout. You will also have the opportunity to help with that. \* Volunteer hours will be awarded as considered appropriate.

**Send your entry digitally to [Jen Z](#) for approval. Questions? Contact [Jen Z](#).**
