

# BE A LEGO GUEST

## THE DETAILS:

### Show off Your Building Skills

**Each LEGO appearance= 2 Volunteer Hours**

Are you a fan of LEGOs and enjoy making some cool creations? Be a special guest at our LEGO club Tuesdays at 3 pm -a program primarily for kids in grades K-5. You can encourage the young builders and share with them something special you've created. In person appearances require access to the Zoom platform.

Can't make a live appearance? Create a short video that we can share with the club. The library can also provide any LEGO materials you may need to build something awesome!

**Contact [JenZ](#) to schedule your guest appearance. If making a recording please send to [Jen Z](#) for approval. Questions? Contact [Jen Z](#).**
