

# Charles V. Guida, MD

## **Shingles: What Vaccines Do Adults Need?**

**Wednesday, May 10, 6:30pm**

**Library Community Room**

**Registration requested.**

Charles V. Guida, MD board-certified in Internal Medicine and on staff at Southampton Hospital, will talk about Shingles, an infection caused by the varicella-zoster virus that causes a very painful rash that can last for weeks. Learn about the early treatment options and how a vaccine can help reduce your risk.

Dr. Guida will also discuss other adult immunizations that are currently available and how they can protect you from serious disease. Please bring your questions.
