

**HERSHEY
PUBLIC LIBRARY**

To our Library Community:

November 13, 2020

What a year it has been! As we inch closer to the end of the year, we're once again facing the grim reality of increasing COVID19 cases and therefore an increase in safety protocols for using the library. We're much better suited to tackle the situation than we were in March, and we do not expect to shutter services completely at any time. We know how much our community values access to library services, and we'll do our best to keep them available. For now, we're encouraging our public to take advantage of our curbside pickup service. This feature has become very popular at restaurants around the country and we're happy to offer it for your library materials! Simply call the library and we'll arrange pickup for you. We just ask for 24 hours' notice to get your items ready.

In December we're excited to launch a home delivery service that will bring your library materials right to your front door! Our staff will follow all COVID19 safety procedures and we can even arrange to pick up your library returns. We want to make sure our patrons can safely access all their favorite books while we hunker down through the winter. Home delivery will be available to Derry Township residents only.

This winter may look a lot different than in the past, but you can be sure your library will be here to help get you through.

Kindly,

Laura O'Grady
