FAQ

How will I know my hold items are ready for pickup?

You will receive an email or phone notification, based on the preference selected in your account. Wait times for holds are currently longer than usual. Thanks for your patience.

How do I return materials?

Book returns are open.

For the safety of our staff and patrons, returned items are quarantined for 72 hours and/or sanitized with UV light. As a result, returned items may appear on your library account for 3 days after their return to the library.

Do I need a library card?

Yes, patrons must hold a library card registered with Ocean City Free Public Library to use curbside pickup. If you do not have a library card, please contact the library.

Please note that temporary e-cards can only be used for online services.

What if I have mobility issues and cannot leave my vehicle?

If a patron experiences mobility issues, we can provide an accommodation such as placing bagged items in the trunk of your vehicle. Please request this when you call.

What materials are available for pickup?

Patrons may request any item from our circulating collection including books, magazines, DVDs, audiobooks, etc... Reference books and newspapers are not available.

Can you look for specific items or provide reading suggestions?

Yes! Contact us at 609-399-2434 ext. 5231 or email Reference@oceancitylibrary.org for reading suggestions.

What if I have fines or I'm over the checkout limit?

Due to the pandemic, the library is not currently charging or collecting fines. The checkout limit is set at 30 items. If your returned items are still showing on your library account due to the 3 day materials quarantine, please contact us at 609-399-2434x5223 or email kathryn@oceancitylibrary.org.

Can I place a hold via telephone?

Yes, please call us at 609-399-2434 x5231.

What are you doing to protect the safety of patrons and library staff?

The contactless curbside pickup model we are using provides maximum social distancing for the safety of our patrons and our staff.

Staff will use gloves and cloth face coverings in accordance with New Jersey workplace safety policies and CDC guidelines.

All returned physical materials have been quarantined for 72 hours and /or sanitized with UV light.

Patrons and staff should not approach one another and respect the need for social distancing. This may feel uncomfortable but is necessary to provide a safe, contactless pickup service.

If you notice patrons at the pickup cart, please remain in your vehicle until the previous patron has departed.

Why are you using plastic bags for pickup items?

Plastic bags are used to protect patron privacy, protect physical materials, and limit unnecessary contact. Bags protect patron privacy and help separate materials to avoid the need for patrons to sort through items on the pickup cart.
