The Inheritance Games

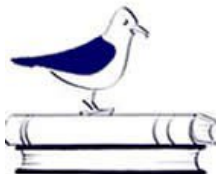

by Jennifer Barnes

Genre: Mystery

Summary: Avery is mysteriously left a huge fortune by a billionaire she never knew. The only condition is she is forced to live in his mansion with his family for one year. Problems arise in her quest to discover why it was given to her in the first place. I greatly enjoyed it, the plot was fascinating and the writing wasn't noticeably bad. It is a great mystery to unfold. I think its a good book to recommend anyone interested in YA.
