## Learn: Composting

### Books and Materials

**Composting for a new generation : latest techniques for the bin and beyond**  
by Michelle Balz  
Including tried-and-true composting methods as well as new, innovative techniques—including vermicomposting, integrated composting and in-vessel composting techniques—a full-color guide also includes chapters on the science of composting and harvesting compost, a reference list, and composting recipes.

**The Rodale Book of Composting : Simple Methods to Improve Your Soil, Recycle Waste, Grow Healthier Plants, and Create an Earth-friendly Garden**  
by Grace Gershuny  
The most significant gardening topic of today is covered in this completely revised and updated volume. The essential guide to composting for all gardeners and environmentally conscious people.

**How to build, maintain, and use a compost system : secrets and techniques you need to know to grow the best vegetables**  
by Kelly M. Smith  
Some of the best fertilizer on the planet can be made with your very own garbage. Starting with something as simple as coffee grounds a top composting product and old banana peels, bread crusts, and left over vegetables.

**Compost City : Practical Composting Know-how for Small-space Living**  
by Rebecca Louie  
Urban composters are part of a bumper crop of pioneers who are redefining the green space of crowded towns and cities. You may think you need a big yard to compost. Think again. Compost City teaches you how to easily choose and care for a compost system that fits perfectly into your (tiny) space, (busy) schedule, and (multifaceted) lifestyle.

### Online Library Resources
