Recommended Apps

Stop Motion Studio - *iOS & Android* - Free

Stop Motion Studio is the most popular stop-motion app out there. With Stop Motion Studio, you can create wonderful stop-motion animations. There are several useful features that help you to do that - they are simple tools like cut, delete, copy, paste, and more complicated modes like overlay, grid, frame-in-frame, etc.

Stikbot Studio 2.0 - *iOS & Android* - Free

With it's easy to use interface, Stop Motion Studio lets you create beautiful animated movies. Stop Motion Studio is a powerful, full-featured movie editor with many features:

- A simplistic, easy-to-use interface
- Overlay mode showing the differences between frames
- Animation guides to position animated objects more easily
- Copy, paste, cut, and insert frames at any position
- Interactive timeline so you never get lost, even if you have hundreds of frames

Your learning made to fit.
