Desert Animal Game

For the file folder game:

Print pages 3-4. You may want to print two copies of page 4 or simply have the students reshuffle the cards when they reach the bottom of the draw pile. If you print multiple copies, I recommend removing some of the extra cactus pictures, so the kids don't get frustrated.

Gather small place markers for each player.

Desert Animal Game

For 2-4 Players

Instructions:

Place your markers on the "Start" eagle. Place cards upside down on the "Card Draw Pile".

Choose a player to go first.

The player will draw the top card from the pile then move to the next matching space. Play continues to the next player.

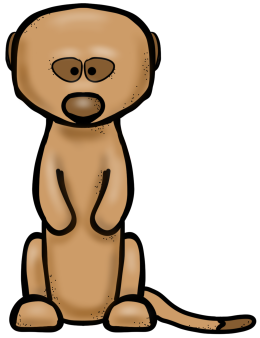

If a player lands on a space with an arrow, he will follow the arrow to the new space.

If a "cactus" card is drawn the player will head to the closest cactus space, even if it is behind him.

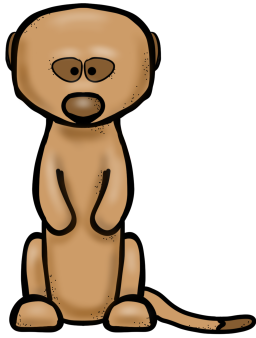

To win by landing on the last fennec fox, a player MUST draw a fennec fox card.
