The Hive

by Barry Lyga and Morgan Baden

Social media used to be out of control, after all. People were torn apart by trolls and doxers. Even hackers—like Cassie's dad—were powerless against it.

But then the Hive came. A better way to sanction people for what they do online. Cause trouble, get too many "condemns," and a crowd can come after you, teach you a lesson in real life. It's safer, fairer and perfectly legal.

Battle of the Books
