

Teen Book Reviews

Stay gold

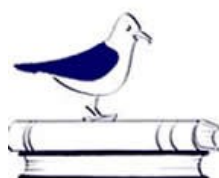

by Tobly McSmith

Genre: Romance (ebook)

Summary: A transgender boy named Pony falls in love with a cheerleader named Georgia. Pony and Georgia must decide what they are willing to risk for a relationship. Georgia and Pony behave as if Pony's trans identity was a secret he was lying to her about rather than private information for him to share of his own volition. I feel like this book was great on representation on touchy subjects and the author executed it everything well. I feel like teens would enjoy this book because it is on topics that is more normal nowadays. I would recommend this book to someone who may relate to this topic.
